## SUMMARY:

A passionate and versatile software developer with a strong foundation in full-stack web development, particularly with the MERN stack and Java Adept at building robust and scalable applications. Experienced with both front-end and back-end technologies and eager to contribute to a dynamic software development team.

## INTERNSHIP:

### Web Development Intern (PHP), Phoenix SofTech, Madurai (August 2022):

- Developed and tested PHP-based web applications, enhancing backend and frontend development skills while ensuring functionality, performance, and compliance with industry standards.

### Full Stack Development Intern (Python), Live Stream Technologies, Coimbatore (June 2024 – July 2024):

- Contributed to full-stack projects using modern tools and technologies, optimizing front-end and back-end integration for seamless functionality and improved performance.

### Web Development Intern, InternIQ (July 2024 – August 2024):

- Built a responsive React.js to-do list application, leveraging component-based architecture to improve user experience and interface efficiency while mastering JavaScript libraries and frameworks.

## PROJECTS:

### Online Turf Booking Application - A web application that allows users to book turfs for various sports.

- Developed a comprehensive turf booking platform using HTML, CSS, JavaScript, and Node.js, enabling smooth reservations for cricket, football, and tennis. [ <https://vtturfzone.onrender.com/> ]

### IPL Auction Application- An interactive IPL auction platform for cricket players.

- Created an engaging IPL auction app with Express.js and MongoDB, featuring real-time budget tracking, player filtering, and dynamic bidding updates.

### Leave Application Generator -A system for managing employee leave applications.

- Built a secure leave management system with JWT authentication, intuitive CRUD operations, and a seamless approval process for efficient workflows. [ <https://vt-leavease.onrender.com/> ]

### E-Commerce Cricket Application - An e-commerce application for buying cricket equipment.

- Designed a visually appealing and responsive e-commerce platform for cricket gear using TailwindCSS, offering effortless product discovery and checkout. [ <https://vt-cricshop.onrender.com/> ]

## SKILLS:

## CERTIFICATIONS:

- Programming Languages:** Java , JavaScript , TypeScript
- Frameworks :** React js ,Express Js ,Next Js
- Database :** MongoDB

- NPTEL – Distributed Systems (Silver)**  
NPTEL course on Distributed Systems with a Silver level achievement.
- NPTEL – Programming in Java**

## EDUCATION:

- BE-Computer Science and Engineering  
AAA College Of Engineering and Technolog  
CGPA-8.02

- HSC  
Nadar Mahamai Higher Secondary School  
Percentage-91%
